CLOUDSPITAL HEALTH ATM

CPL-HA-01

Entry Health ATM

Vitals, body composition, blood and urine tests and 14 rapid tests, for PHCs, schools, workplaces and health camps.

48	4	10
tests and parameters	clinical panels	devices

Includes on this model

The base menu of vitals and body composition, finger-prick blood tests, urine analysis and 14 rapid tests.

Made for

PHCs and sub-centres, schools, workplaces and health camps.

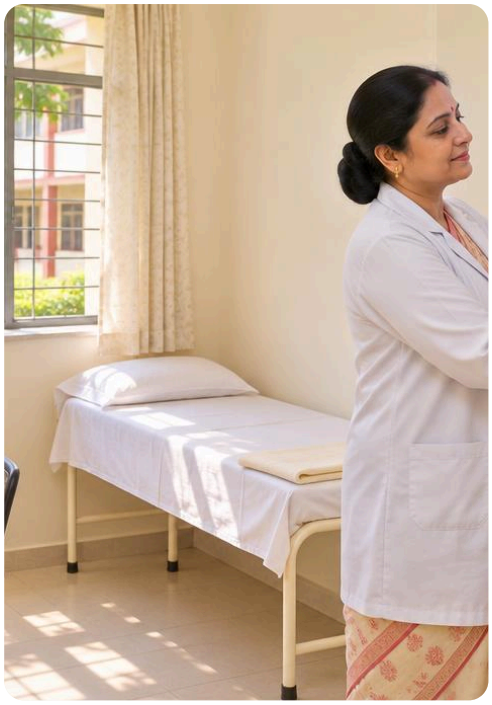

5-year on-site warranty

Delivery in 10 days, installation in 7, operators trained on site.

01 OVERVIEW

The essentials: 48 tests in one visit.

Vitals, body composition, blood and urine tests and 14 rapid tests, for PHCs, schools, workplaces and health camps.

INCLUDES ON CPL-HA-01

The base menu of vitals and body composition, finger-prick blood tests, urine analysis and 14 rapid tests.

Made for

- PHCs and sub-centres
- Schools
- Workplaces
- Health camps

48 tests
and parameters in one visit, in 4 clinical panels.

10 devices
built into one kiosk and read by our own software.

10 days
to delivery, with installation and operator training within 7 days.

5 years
comprehensive on-site warranty, from commissioning.

Where CPL-HA-01 sits in the range

Ten Health ATMs and the AI Health Pod, from 48 to 170 tests and parameters.

Every model runs on the same platform, so a site can start with the tests it needs today and upgrade later.

Guided check-up

Step by step in Hindi or English, with pictures and a guiding voice.

Smart Health Report

Each reading with its status and healthy range, printed in minutes.

Into HealthMatrix

A QR or code saves the report to the person's app.

Doctors on video

Verified doctors on video, with signed e-prescriptions.

02 TEST MENU

48 tests in 4 clinical panels.

Every test CPL-HA-01 runs, panel by panel. These four panels are the base of every Cloudspital Health ATM.

Vitals and body composition 19

Contact sensors, bio-impedance platform, ultrasonic stadiometer

- Vision test (chart-based app)
- Body temperature
- Blood pressure, systolic
- Blood pressure, diastolic
- SpO2 (oxygen saturation)
- Pulse rate
- Height (ultrasonic stadiometer)
- Body weight
- Body mass index (BMI)
- Body fat percentage
- Lean body weight
- Weight without fat
- Muscle mass
- Bone mass
- Body water percentage
- Visceral fat rating
- Basal metabolic rate
- Body age
- Ideal body weight

Blood tests, finger prick 4

Single-parameter strips, finger prick

- Blood glucose (fasting, PP or random)
- Haemoglobin (Hb)
- Uric acid
- Total cholesterol

Urine analysis 11

11-parameter reagent strip, automated reader

- Urine glucose
- Protein (albumin)
- pH
- Specific gravity
- Ketone bodies
- Blood / occult blood
- Bilirubin (urine)
- Urobilinogen
- Nitrite
- Leukocytes
- Ascorbic acid

Rapid diagnostic tests 14

Test cassettes with AI-assisted reading

- Pregnancy (urine hCG)
- HIV I and II
- Hepatitis B (HBsAg)
- Hepatitis C (HCV)
- Syphilis
- Malaria (Pf / Pv)
- Dengue NS1 antigen
- Dengue IgG / IgM
- Typhoid IgG / IgM
- Chikungunya IgM
- Leptospira IgG / IgM
- Filaria antigen
- H. pylori antibody
- Faecal occult blood

Need more tests later? Step up on the same platform.

MODEL	NAME	TESTS	WHAT IT ADDS
CPL-HA-02	**Health ATM with 12-lead ECG**	**49**	A 12-lead resting ECG with automated interpretation.
CPL-HA-03	**Check-up kiosk with lipid profile**	**54**	A lipid profile: HDL, LDL, triglycerides, non-HDL cholesterol and the TC/HDL ratio.
CPL-HA-04	**Health ATM with HbA1c and ENT camera**	**60**	HbA1c, plus ear, nose, throat, skin and oral imaging.
CPL-HA-05	**Health ATM with spirometer and foetal Doppler**	**88**	Spirometry with 27 lung-function parameters, and a foetal Doppler.
CPL-HA-10	**Arc Max**	**170**	A 3-part WBC differential with the platelet to lymphocyte ratio, completing all 170 tests.

Screening, not diagnosis. Results support clinical decisions; diagnosis and treatment stay with qualified clinicians. Reactive or abnormal rapid tests are referred for confirmatory testing.

How samples are taken. Vitals, body composition need no needle. Blood tests use a finger prick, run by the trained operator. Each test needs its consumables in stock.

03 DEVICES AND SPECIFICATIONS

10 devices, one guided check-up.

Every device is built into the kiosk and read by Cloudspital's own software, so the person moves from one test to the next without paperwork.

DEVICE	WHAT IT DOES
24-inch touchscreen	Guided screening in Hindi and English
Blood pressure monitor (NIBP)	Systolic, diastolic and pulse
Pulse oximeter	SpO2 and pulse rate
Infrared thermometer	Non-contact body temperature
Body composition platform	Weight, BMI and 10 body-composition indices

DEVICE	WHAT IT DOES
Ultrasonic height sensor	Standing height
Multi-parameter blood analyser	Glucose, haemoglobin, uric acid and cholesterol
Automated urine analyser	11-parameter strip reading
AI rapid-test reader	Reads and interprets 14 rapid tests
HD camera and report printer	Doctor on video and the printed report

Specifications

DISPLAY	24-inch capacitive touchscreen, with a keyboard
INSTALLATION	Floor standing
OPERATION	Operator assisted, voice-guided in Hindi and English
CONNECTIVITY	Wi-Fi, 4G and Bluetooth; USB ports
POWER	230 V AC, 50 Hz, single phase, with surge protection
BODY	Powder-coated industrial-grade mild steel, in white; lockable consumable drawer
REPORTS	Printed at the kiosk, and saved to the person's HealthMatrix app with a QR or code

SOFTWARE	Cloudspital's own kiosk software, cloud records and a dashboard; doctors on video with e-prescriptions
DATA	Hosted in India, aligned with the DPDP Act 2023
MADE IN	India, at our Greater Noida facility
DELIVERY	Within 10 days of order; installation within 7 days of delivery
PACKAGING	Fully assembled, in a wooden crate with foam protection
WARRANTY	5-year comprehensive, on site, from commissioning; CAMC available afterwards
BRANDING	Custom colours and client branding on order

Floor space
A spot near the entrance or the waiting area.

Power
A 230 V AC, 50 Hz power point.

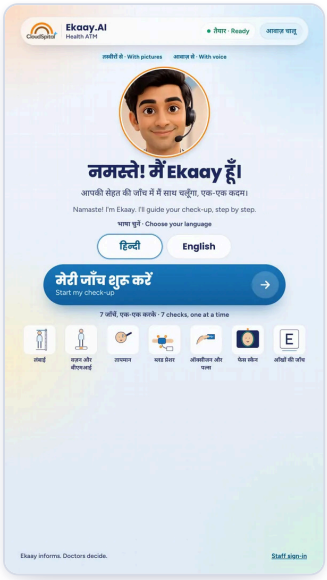

Internet
Wi-Fi or a 4G connection.

An operator
An ANM, GNM, pharmacist or health worker, trained by us.

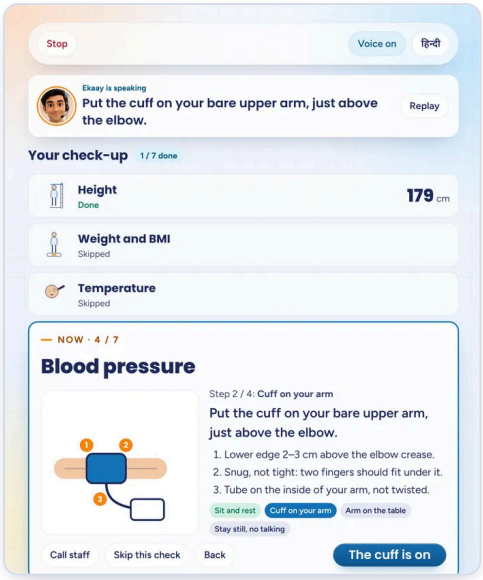

04 SOFTWARE AND REPORT

A guided check-up, a report in minutes.

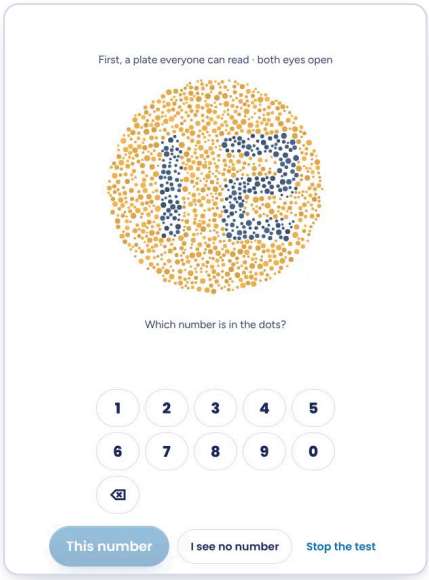

Cloudspital's own Health ATM software runs the check-up on CPL-HA-01: it guides each person in Hindi or English, reads the connected devices and adds eye and hearing tests, and ends with a Smart Health Report.

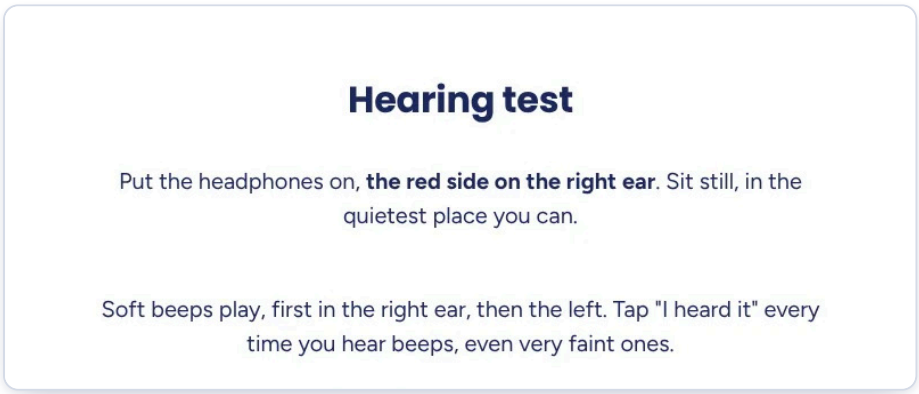

DEMO DATA **The guided check-up,** in Hindi or English.

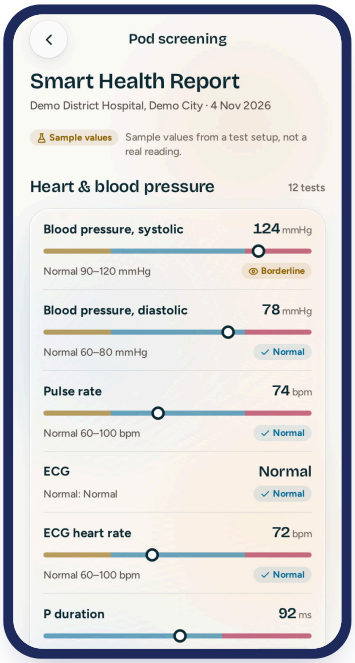

DEMO DATA **Step by step,** with pictures and a guiding voice.

DEMO DATA **The colour vision test,** one of three eye tests.

DEMO DATA **The hearing test,** ear by ear, with headphones.

DEMO DATA **The report in HealthMatrix,** with sample values.

Smart Health Report
Each reading with its status and healthy range, printed at the kiosk.

Into HealthMatrix
A QR or code saves the report to the person's app, only when they confirm.

Doctors on video
Verified doctors through Cloudspital Live, with e-prescriptions signed by PIN.

For organisations
A partner console with group totals, never anyone's own results.

Hosted in India. Records stay on Cloudspital's servers in India, built for India's Digital Personal Data Protection Act, 2023. Ekaay informs; doctors decide. Screens are from the kiosk and the app, with demo data.

05 SERVICE AND ORDERING

Delivered in 10 days. Supported for 5 years.

Every CPL-HA-01 comes with a 5-year comprehensive on-site warranty from commissioning, and spares and service for 7 years.

What comes with it

- Delivered fully assembled, in a wooden crate with foam protection
- Installed and commissioned within 7 days of delivery, every test shown live
- Operators trained on site in Hindi and English, with manuals and SOPs
- A starter stock of strips, cassettes and reagents

What the warranty covers

- All spares, parts and labour, calibration and software updates
- Preventive maintenance every quarter
- 95% quarterly uptime, 24-hour response and 72-hour on-site resolution
- Operator training refreshed every year of the warranty

16 lakh+
screenings recorded on our Health ATMs and kiosks

1,500+
units in government installations, pan-India

19 + states
and a presence in 6+ countries

12+
government contracts

Made in India at Greater Noida · 300 units a month · ISO 13485:2016 quality management · DPIIT-recognised startup · GeM OEM vendor · Class-I local supplier
